**ORIGINAL PETITION AND APPLICATION FOR
TEMPORARY RESTRAINING ORDER, TEMPORARY INJUNCTION,
AND PERMANENT INJUNCTION
OF TEXAS DISPOSAL SYSTEMS, INC.**

TO THE HONORABLE JUDGE OF SAID COURT:

Now comes Plaintiff Texas Disposal Systems, Inc. (“Plaintiff,” “TDS,” or “Texas Disposal”), and files this Original Petition and Application for Temporary Restraining Order, Temporary Injunction, and Permanent Injunction, complaining of Defendants City of Round Rock, Texas (the “City”) and Laurie Hadley, in her official capacity of City Manager of Round Rock, Texas (the “City Manager”), and would show as follows:

SUMMARY

1. Texas Disposal has provided waste and recyclable material collection, disposal, and recycling services to commercial accounts within the City for decades, as part of an open market in which commercial accounts could choose among a number of waste collection and disposal companies, and pursuant to a grant of a non-exclusive franchise to Texas Disposal from the City. However, the City has now purported to terminate the franchise agreements of Texas Disposal and all other operators not favored by the City, and to grant one single business a single-source,

Envelope# 63665230

exclusive franchise to collect waste and recyclable materials from commercial accounts within the City.

2. The City's action is void and/or voidable for multiple reasons, including its violation of the City's Charter, violation of the Texas Open Meetings Act, and its unconstitutional impairment of Texas Disposal's existing contracts.

3. Texas Disposal seeks a temporary restraining order and a temporary injunction barring the City from implementing the illegitimate exclusive franchise on the planned date of May 1, 2022; a permanent injunction barring the exclusive franchise; and a declaratory judgment that the City may not grant an exclusive, sole-source contract for the collection of waste and recyclable materials from commercial accounts without a valid, legitimate amendment of its Charter.

PARTIES

4. Plaintiff Texas Disposal Systems, Inc. is a Texas corporation with its primary place of business in Travis County, Texas.

5. Defendant City of Round Rock is a Texas home-rule municipality located in Travis and Williamson Counties, Texas. It can be served with process to its Mayor, Craig Morton, or City Manager, Laurie Hadley, at 221 East Main Street, Round Rock, Texas 78664.

6. Defendant Laurie Hadley, City Manager of Round Rock, Texas, is an individual and public official with an office in Williamson County, Texas, and may be served at 221 E. Main Street, Round Rock, Texas 78664.

DISCOVERY, JURISDICTION AND VENUE

7. Plaintiff intends to conduct discovery under Level 3, Rule 190.4, Texas Rules of Civil Procedure.

8. The Court has jurisdiction over this matter because Plaintiff seeks injunctive and declaratory relief. Pursuant to Texas Rule of Civil Procedure 47(c), Texas Disposal seeks only non-monetary relief (exclusive of attorneys' fees).

9. Venue is proper in Williamson County, Texas, under the general venue provisions of Section 15.002(a)(1), Texas Civil Practice & Remedies Code. All or a substantial part of the events giving rise to Texas Disposal's claims occurred in Williamson County, Texas.

FACTS

10. Texas Disposal has been providing waste and recyclable material collection services to commercial accounts (including businesses, institutions, schools and multi-family residential complexes) in the City of Round Rock for decades. Texas Disposal most recently was one of five waste collection companies granted non-exclusive franchises by the City to collect commercial waste and recyclable materials. Texas Disposal has hundreds of customers in the City, located in both Travis County and Williamson County.

11. Unbeknownst to Texas Disposal (and, upon information and belief, the other holders of commercial waste collection franchises other than the City's preferred vendor), the City has been working for years toward excluding all waste collection companies other than one favored vendor from collecting commercial waste and recyclable materials in the City, and awarding an exclusive, sole-source franchise and contract to that one preferred vendor.

12. The City has attempted to accomplish this plan without adequate notice to its citizens – including those businesses and institutions that have chosen to have their waste and recyclable materials collected by companies other than the City's preferred vendor. The City also has not consulted with Texas Disposal (nor, on information and belief, with the other non-preferred vendors) to explore whether better options existed to service the commercial accounts within the

City, nor has the City chosen to solicit bids to ensure that the commercial accounts within the City receive the best service at the best price.

13. Rather, after “internally discussing this for a couple of years,” according to a statement made at a public meeting by the City’s Director of Utilities and Environmental Services, the City moved to grant an exclusive franchise and contract to its preferred vendor. However, this was not done at a regular City Council meeting (and thus not within the public’s typical scrutiny of Council actions) and was not listed on the agenda with the specificity required by the Texas Open Meetings Act – or *any* specificity, for that matter.

14. Rather than holding the initial vote on the exclusive, sole-source contract at a regular City Council meeting, the Council took the crucial vote at its Semi-Annual Retreat on Thursday, July 22, 2021. And rather than including on the agenda for that meeting an item that would notify the public and the existing non-favored vendors that the Council was considering an exclusive, sole-source franchise, the item was listed on the posted agenda as follows:

D.3	<u>Consider discussion and possible action regarding the collection and disposal of commercial refuse.</u>
-----	--

A true and correct copy of this agenda posting is attached hereto as Exhibit A.

15. After the meeting, the City published a list of “Semi-Annual Retreat Results” that included the following (copy attached as Exhibit B):

Item D.3	Discussion and Action	City Manager is authorized to negotiate a sole source contract with Central Texas Refuse (CTR).	APPROVED 6-0
----------	-----------------------------	---	---------------------

16. Subsequently, pursuant to this Council vote, the City took several actions to put the exclusive franchise and contract into place. These included the adoption by the City Council on November 4, 2021 of Resolution No. R-2021-302, which authorized the execution of an amended

contract with the City's preferred vendor to put into place that vendor's status as the sole-source, exclusive franchise and contract holder for the collection of commercial waste and recyclable materials; a copy of the amended contract was attached to the resolution. According to the Agenda Item Summary for that resolution, the amended contract "will allow CTR to be the single vendor for all solid waste collection services in the City." The Agenda Item Summary, the Resolution, and the amended contract are attached hereto as Exhibit C.

17. The City Council also adopted Resolution No. R-2021-301 on November 4, 2021. This resolution authorized the City Manager to terminate the franchise agreements of all waste hauling entities other than the preferred vendor. The Agenda Item Summary for that resolution recited that the City and the preferred vendor "have negotiated an Amended and Restated Refuse Collection Contract that will allow CTR to be the single vendor for all solid waste collections services in the City." Copies of the Agenda Item Summary and the resolution are attached hereto as Exhibit D.

18. The City Council also approved on November 4, 2021 amendments to Chapter 32, Article II, Section 32-23 and Section 32-33 of the Code of Ordinances governing collection of nonresidential refuse, by adopting Ordinance No. O-2021-303. The Agenda Item Summary for that resolution recited that the amendment of the Code of Ordinances was pursuant to the amended contract between the City and the preferred vendor, which "allows CTR to be the single vendor for all solid waste collection services in the City." The amendments to the ordinance included deleting references to collection entities chosen by the customer, and adding provisions regarding "the city's contractor," making it clear that the City had chosen a single preferred vendor to have the exclusive, sole-source franchise and contract for the collection of all waste in the City including

nonresidential waste. Copies of the Agenda Item Summary and the amendments to the Code of Ordinances are attached hereto as Exhibit E.

19. Pursuant to the authorization in Resolution No. R-2021-301, on March 23, 2022, the City Manager sent a Notice of Termination letter to Texas Disposal stating the City's intent to terminate its franchise agreement as of April 30, 2022 at 11:59 p.m. (copy attached as Exhibit F).¹ Upon information and belief, the City Manager sent similar termination letters to all other waste collection companies servicing Round Rock except its preferred vendor.

20. The City's Charter expressly states that "[n]o exclusive franchise shall ever be granted" to a utility. Round Rock City Charter Section 11.02 (relevant provision attached as Exhibit G). Collection of waste is a utility for purposes of Texas law, including circumstances in which a private contractor rather than a government agency collects waste. *See, e.g., Sanchez v. Southampton Civic Club, Inc.*, 367 S.W.3d 429, 434 (Tex. App. – Houston [14th Dist.] 2021, no pet.); *City of Wichita Falls v. Kemp Hotel Operating Co.*, 162 S.W.2d 150, 153 (Tex. Civ. App. – Fort Worth 1942), *aff'd*, 141 Tex. 90, 170 S.W.2d 217 (Tex. 1943).

21. A Texas home-rule city may not adopt ordinances that contradict its charter. Tex. Const. Art. XI, § 5; *Lower Colorado River Authority v. City of San Marcos*, 523 S.W.2d 641 (Tex. 1975). The City Charter provides amendments must be made as provided in Chapter 9 of the Local Government Code. Charter § 14.11. In turn, the Local Government Code provides that charter amendments must be voted on by a municipality's qualified voters. Tex. Local Gov't Code § 9.004. The City did not amend its Charter before granting the exclusive commercial waste franchise; it did not even provide adequate notice to its residents.

¹ The Notice proposes a "renewal" franchise agreement for temporary services only; it does not provide Texas Disposal a franchise for the regular collection of commercial waste and recyclable materials as it had previously.

22. The City's Amended and Restated Refuse Collection Contract with its preferred vendor (which includes a grant of a franchise to operate collection of waste and recyclable materials within the City) requires the delivery of recyclable materials to another preferred vendor, Balcones Recycling. The contract provides the preferred collection vendor with a franchise to conduct "Recycling Services" in the City (subsection 4.1) and provides a mechanism for service frequency and rates for "Recycling Services for Commercial Units" (subsection 6.4). In turn, the contract defines "Recycling Services" as the collection of recyclable material "and the delivery to Recyclable Material Facility" (page 7). The contract defines "Recyclable Material Facility" as "Balcones Recycling" (page 6). Thus, the preferred collection vendor supplies "Recycling Services" and is required to deliver recyclable material to the "Recyclable Material Facility" – which is "Balcones Recycling." By requiring this "flow control" of recyclable material to a single private vendor, the City has violated the Commerce Clause of the U.S. Constitution. *See C&A Carbone, Inc. v. Clarkstown*, 511 U.S. 383 (1994).

23. The sole-source, exclusive contract also appears to require commercial entities within the City to surrender all recyclable materials to the City and its preferred vendors, even if those material have positive value. For example, businesses that use large quantities of corrugated cardboard may find it economically advantageous not to treat the cardboard as waste, but rather have it collected by a vendor who will pay for the material. The City's Code of Ordinances appears to mandate that nonresidential entities place recyclable materials in collection containers to be collected by the City's preferred vendor. *See Round Rock Code of Ordinances Section 32.23(a)-(d).*

CAUSES OF ACTION

A. Declaratory Judgment

24. Texas Disposal restates all preceding paragraphs as if set forth fully herein.

25. Texas Disposal seeks a declaration, pursuant to the Uniform Declaratory Judgments Act, Chapter 37, Texas Civil Practice & Remedies Code, that the Round Rock City Council's adoption of a sole-source exclusive franchise for the collection of commercial waste and recyclable materials is void because it conflicts irreconcilably with the City Charter, which expressly provides that "[n]o exclusive franchise shall ever be granted."

26. Additionally or in the alternative as necessary, Texas Disposal seeks a declaration, pursuant to the Uniform Declaratory Judgments Act, Chapter 37, Texas Civil Practice & Remedies Code, that Round Rock City Council's adoption of a sole-source exclusive franchise for the collection of commercial waste and recyclable materials is void because it violates the Contract Clauses of the United States and Texas Constitutions. U.S. Const. art. I §10; Texas Const. art. I §16. The exclusive franchise scheme wrongly impairs Texas Disposal's non-exclusive franchise agreement with the City. The City granted Texas Disposal a franchise pursuant to Ordinance No. O-2021-110. While the agreement purports to allow the City to terminate the agreement on 30 days' notice, Texas Disposal at the time of the agreement had a reasonable belief that its franchise would not be terminated due to the City's attempt to establish an exclusive franchise, because the City Charter prohibits such franchises, as described herein. While the City's sole-source contract does not expressly state that it grants an exclusive franchise, by cancelling all other non-exclusive franchises, the City has circumvented its Charter and created a *de facto* exclusive franchise with its preferred vendor. Furthermore, the agenda item summaries presented to the City Council regarding the actions complained of herein (included as parts of Exhibits C, D, and E) clarify that

the City's preferred vendor is being granted a "single-source contract" that includes a franchise to operate waste and recyclable material collection within the City. The exclusive franchise substantially impairs the contractual relationship between Texas Disposal and the City and is not supported by a significant and legitimate public purpose. The City has the power to create the franchise rights granted to Texas Disposal, and the exclusive franchise agreement is neither reasonable nor necessary to achieve any legitimate governmental goal.

27. Additionally or in the alternative as necessary, Texas Disposal seeks a declaration, pursuant to the Uniform Declaratory Judgments Act, Chapter 37, Texas Civil Practice & Remedies Code, that Round Rock City Council's adoption of a sole-source exclusive franchise for the collection of commercial waste and recyclable materials is void because it also violates the Contract Clauses of the United States and Texas Constitutions with respect to Texas Disposal's contracts with the private entities that have chosen to do business with Texas Disposal. U.S. Const. art. I §10; Texas Const. art. I § 16, for the reasons set forth herein.

28. Additionally or in the alternative as necessary, Texas Disposal seeks a declaration, pursuant to the Uniform Declaratory Judgments Act, Chapter 37, Texas Civil Practice & Remedies Code, that Round Rock City Council's sole-source contract requiring exclusive utilization of Balcones Recycling for the processing of recyclable materials, thus prohibiting use of Texas Disposal's facilities, is invalid as a violation of the Commerce Clause of the U.S. Constitution.

29. Additionally or in the alternative as necessary, Texas Disposal seeks a declaration, pursuant to the Uniform Declaratory Judgments Act, Chapter 37, Texas Civil Practice & Remedies Code, that Round Rock City Council's adoption of a sole-source exclusive franchise for the collection of commercial waste and recyclable materials does not require commercial nonresidential entities within the City to surrender for collection recyclable materials with positive

value, and does not prohibit Texas Disposal or other vendors from collecting such positive-value material within the City.

30. Texas Disposal seeks an award of reasonable and necessary attorneys' fees and costs, as provided by the Uniform Declaratory Judgments Act, Chapter 37, Texas Civil Practice & Remedies Code.

B. Mandamus or Injunction under the Texas Open Meetings Act

31. Texas Disposal restates all preceding paragraphs as if set forth fully herein.

32. As described above, the City Council's action approving the entry of an exclusive single-source commercial waste collection franchise at its July 22, 2022 Semi-Annual Retreat violated of the Texas Open Meetings Act, Chapter 551 of the Texas Government Code.

33. Section 551.141 of the Texas Government Code provides that "[a]n action taken by a governmental body in violation of this chapter is voidable."

34. Section 551.142 of the Texas Government Code provides that any interested person "may bring an action by mandamus or injunction to stop, prevent, or reverse a violation or threatened violation of this chapter" Section 551.142 also provides that a "court may assess costs of litigation and reasonably attorney fees incurred by a plaintiff or defendant who substantially prevails in an action" under the section.

35. Texas Disposal hereby petitions this Court for a writ of mandamus and/or an injunction declaring void the City Council's purported authorization for the City Manager to "negotiate a sole source contract with Central Texas Refuse (CTR)" at its July 22, 2022 Semi-Annual Retreat and all subsequent actions taken pursuant to that purported authorization, including (1) the November 4, 2021 approval of the resolution authorizing the execution of the franchise contract, (2) the resolution authorizing notification to Texas Disposal and other non-favored

vendors that their non-exclusive commercial waste contracts would be terminated on April 30, 2022, and (3) the ordinance amending Chapter 32, Article II, Section 32-23 and Section 32-33 regarding nonresidential refuse collection rates for a sole-source exclusive franchise holder and requiring the sole-source processing of recyclable materials.

36. In bringing this action, Texas Disposal has retained attorneys, and seeks to recover its costs of litigation and reasonable attorneys' fees incurred.

APPLICATION FOR TEMPORARY RESTRAINING ORDER AND TEMPORARY INJUNCTION

37. Texas Disposal restates all preceding paragraphs as if set forth fully herein.

38. Texas Disposal seeks temporary injunctive relief to restrain the enforcement of the City's purported sole-source exclusive franchise for the collection of commercial waste and processing of recyclable materials through Balcones Recycling, and to restrain the City Manager and her designees from enforcing the revocation of the non-exclusive franchises held by Texas Mutual and the other non-preferred waste and recycling collection providers.

39. Texas Disposal has a cause of action, a probable right to relief, and is faced with imminent irreparable harm, entitling it to temporary injunctive relief. *Butnaru v. Ford Motor Co.*, 84 S.W.3d 198, 204 (Tex. 2002). An applicant has a probable right to relief if it has a cause of action for which relief may be granted. *See Universal Health Services, Inc. v. Thompson*, 24 S.W.3d 570, 577-78 (Tex. App.—Austin 2008, no pet.).

40. The purpose of the pretrial injunctive relief sought is to maintain the status quo pending trial. The status quo is the "last actual, peaceable, noncontested status which preceded the pending controversy." *City of San Antonio v. Vakey*, 123 S.W.3d 497, 502 (Tex. App.—San Antonio 2003, no pet.). Here, the status quo is the commercial waste collection scheme, including the open competition for receiving and processing recyclable materials collected by competing

non-exclusive franchise contract holders collecting waste within the incorporated jurisdiction of the City of Round Rock, Texas, as it exists and has existed for many years in the City, in which Texas Disposal and four other waste collection entities hold a non-exclusive franchise to collect commercial waste and recyclable materials from customers who choose to contract with them for such collection.

41. Texas Disposal is faced with imminent irreparable harm by the City/City Manager's demand that it abandon its contractual responsibilities with those customers and that it remove waste collection materials such as waste bins by April 30, 2022, for which no remedy at law exists without the protections of a temporary restraining order and temporary injunctive relief. The imminent irreparable harm would include, without limitation, (1) Texas Disposal will be forced to remove collection materials from the sites of its nonresidential customers within the City, which will require extensive time and cost; (2) Texas Disposal will be forced to terminate its contracts with its nonresidential customers within the City, disrupting its business relationships; (3) Texas Disposal's nonresidential customers within the City will be forced to change waste and recyclable material vendors to the City's preferred vendor, which further disrupts Texas Disposal's business relationships.

42. Texas Disposal is willing to post bond and requests that the Court set the bond for a nominal amount not to exceed \$1,000.

CONDITIONS PRECEDENT

43. All conditions precedent have been performed or have occurred.

CONCLUSION AND PRAYER

Wherefore, premises considered, Plaintiff Texas Disposal Systems, Inc. prays that this Court issue a Temporary Restraining Order and Temporary Injunction prohibiting the City, the

City Manager, and all designees from taking any steps to enforce a sole-source exclusive franchise agreement for the collection of commercial waste and recyclable materials within the City and exclusive use of Balcones Recycling, and from enforcing any revocation of the non-exclusive licenses held by Texas Disposal and other franchised collectors; and that on final hearing, the Court enter final judgment awarding Texas Disposal a declaratory judgment and a permanent injunction for the relief described above, and all other relief at law or in equity to which they may show themselves justly entitled.

Title: Consider a resolution authorizing the Mayor to execute an Amended and Restated Refuse Collection Contract with Central Texas Refuse, LLC.

Text of Legislative File 2021-302

Central Texas Refuse (CTR) has collected and disposed of solid waste in the City of Round Rock for over 30 years. The Refuse Collection Contract has been amended several times since the execution of the original agreement, including the addition of recycling services and the addition of the Downtown Commercial District. In 2016, the City and CTR entered into the current Refuse Collection Contract for collection of solid waste for residential customers.

The City and CTR now desire to enter into a new contract setting forth terms and conditions for the collection, delivery and disposal of solid waste materials for residential customers, City facilities, the Downtown Commercial District, and all other commercial and industrial customers within the City.

Currently, the City utilizes an open-market system in which five companies have Franchise Agreements with the City for collection of solid waste material from commercial and industrial facilities. In July, the Council directed the City staff to begin negotiations with CTR for a single-source contract for collecting and disposing of solid waste for these facilities. This Amended and Restated Refuse Collection Contract will allow CTR to be the single vendor for all solid waste collection services in the City. The contract is initially for five years. Then after the first three years of the contract and at the end of each year thereafter, the term shall automatically renew such that the balance of the term remains for three years.

RESOLUTION NO. R-2021-302

WHEREAS, the City of Round Rock (“City”) and Central Texas Refuse, LLC entered into that one certain Refuse Collection Contract on November 22, 2016 whereby Contractor has collected garbage, rubbish and refuse for residential customers within the City; and

WHEREAS, the aforesaid Refuse Collection Contract has been amended several times since the execution of the original Agreement; and

WHEREAS, the parties desire to enter into an Amended and Restated Refuse Collection Contract setting forth terms and conditions for the collection, delivery and disposal of bulk waste and recyclable materials for residential and commercial customers; Now Therefore

BE IT RESOLVED BY THE COUNCIL OF THE CITY OF ROUND ROCK, TEXAS,

That the Mayor is hereby authorized and directed to execute on behalf of the City an Amended and Restated Refuse Collection Contract between City of Round Rock, Texas and Central Texas Refuse, LLC, a copy of said contract being attached hereto as Exhibit “A” and incorporated herein for all purposes.

The City Council hereby finds and declares that written notice of the date, hour, place and subject of the meeting at which this Resolution was adopted was posted and that such meeting was open to the public as required by law at all times during which this Resolution and the subject matter hereof were discussed, considered and formally acted upon, all as required by the Open Meetings Act, Chapter 551, Texas Government Code, as amended.

RESOLVED this 4th day of November, 2021.

City shall conduct the inspection of facilities and equipment during regular hours of operation. Contractor shall make available to City all reasonable facilities and assistance to facilitate the performance of inspections by City's representatives.

SECTION 20: SERVICES RATES

20.1 Residential Services Rate

The Residential Services Rate is the sum of money per Residential Customer paid each month by the City to the Contractor for the provision of Residential Services. The Residential Services Rate is composed of three separate components, to wit: the Fuel Component, the Disposal Cost Component, and the Operations, Overhead and Profit Component. The Residential Services Rate shall be fixed at \$16.37 until September 30, 2022. After September 30, 2022, the Contractor may request a change in the Residential Services Rate in accordance with the terms set forth therein and the formulas set forth below.

20.2 Fuel Component of the Residential Services Rate

The Cost of Fuel is based on the Department of Energy ("DOE") Diesel Fuel price index, less a 5% discount for volume purchases. The Fuel Component of the Residential Services Rate is calculated by multiplying the total monthly average fuel consumption for the

previous twelve (12) month period times the Cost of Fuel per gallon, divided by the total number of Residential Service Units combined with the number of Out-of-City Residential Service Units (collectively the “units”). The following is an example calculation of the Fuel Component of the Residential Services Rate:

- (i) The previous twelve (12) month average fuel consumption equals 15,101 gallons;
- (ii) The Cost of Fuel [DEO Diesel Price Index (\$3.00) less a 5% (\$0.15) discount for volume purchases] per gallon equals \$2.85; and
- (iii) The number of units is the number of Residential Service Units () plus the number of Out-of-City Residential Service Units (), for a total of 30,383 units.

Formula: (15,101 gallons) X (\$2.85 per gallon) / (30,383 units) equals \$1.40.

Therefore, the Fuel Component of the Residential Services Rate in the example calculation above is \$1.40. The numbers in the example above are based upon the historical data.

20.3 Disposal Cost Component of the Residential Services Rate

The Disposal Cost Component will be based upon the actual disposal cost per ton to dispose of Municipal Solid Waste at the Solid Waste Facility and dispose/deliver Recyclable Material at the Recyclable Material Facility. The Disposal Cost Component of the Residential Services Rate is calculated by multiplying the monthly average of the number of tons of Municipal Solid Waste delivered to the Solid Waste Facility in the previous twelve (12) months, times the actual disposal cost per ton, plus the monthly average of the number of tons of Recyclable Material delivered to the Recyclable Material Facility in the previous twelve (12) months, multiplied by the actual disposal/deliver cost per ton, divided by the total number of Residential Service Units. The following is an example calculation of the Disposal Component of the Residential Service Rate:

- (i) The monthly average of the number of tons of Municipal Solid Waste delivered to the Solid Waste Facility in the previous twelve (12) months equal 3,547;
- (ii) The actual disposal cost per ton of Municipal Solid Waste equals \$32.80/ton;
- (iii) The monthly average of the number of tons of Recyclable Material delivered to the Recyclable Material Facility over the previous twelve (12) months equals 556;
- (iv) The actual disposal/delivery cost per ton of Recyclable Materials equals \$32.80/ton;
- (v) The number of units is the number of Residential Service Units () plus the number of Out-of-City Residential Service Units () for a total of 30,838 units.

Formula: (3,547 tons) X (\$32.80/ton) + (556 tons) X (\$32.80/ton) / (30,838 units) equals \$4.36.

Therefore, the Disposal Cost Component of the Residential Services Rate in the example calculation above is \$4.36. The numbers in the example above are based upon historical data.

20.4 Operations, Overhead and Profit Component

The Operations, Overhead and Profit Component is intended to cover all other direct and indirect costs to Contractor of providing Residential Services, as well as a reasonable profit. For the purposes of establishing the Residential Services Rate, the Contractor and City hereby agree that the Operations, Overhead and Profit Component shall be \$10.61. The Operations, Overhead and Profit Component may be modified from time to time by mutual agreement of the parties as set forth in a Residential Services Rate after September 30, 2022

20.5 Residential Services Rate

The Residential Services Rate is the sum of the Fuel Component, the Disposal Component, and the Operations, Overhead and Profit Component. The following is an example calculation of the Residential Service Rate using the rates from the example calculations in Sections 20.2, 20.3, and the actual amount of the Operations, Overhead and Profit Component set forth in Section 20.4:

(i)	Fuel Component	\$1.40
(ii)	Disposal Cost Component	\$4.36
(iii)	Operations, Overhead and Profit Component	<u>\$10.61</u>

EXAMPLE TOTAL RESIDENTIAL SERVICES RATE ⁴¹ **\$16.37**

The numbers in the example above are used for illustrative purposes only.

20.6 Accurate Records and Audits

The Contractor and City each agree to maintain accurate records with respect to the three components of the Residential Service Rate. Specifically, Contractor agrees to maintain accurate records of its monthly fuel consumption, and the number of tons of Municipal Solid Waste and Recyclable Material delivered to the appropriate facility each month. Likewise, the City agrees to maintain accurate records of the total number of Residential Service Units. Each party grants to the other party reasonable rights to inspect and audit the aforesaid records.

20.7 Downtown Commercial Services Rate

The Downtown Commercial District Services Rate is the sum money per Downtown Commercial District Customer paid each month by the City to the Contractor for the provision of Downtown Commercial District Services. The Downtown Commercial District Services Rate determined based upon the business classification of the Customer and the square footage of the business is calculated as follows:

<u>Business Classification</u>	<u>Sq. ft. Classification</u>	<u>Service Rate per month</u>
Small Office	6500 or less	\$32.00
Large Office	6501 or more	\$66.00
Small Retail and Services	3000 or less	\$107.00
Large Retail and Services	3001 or more	\$184.00
Small Restaurant	1600 or less	\$184.00
Medium Restaurant	1601-3000	\$253.00
Large Restaurant	3001 or more	\$323.00
Small Bar	2500 or less	\$163.00
Large Bar	2501 or more	\$253.00

After September 30, 2022, the Contractor may petition for reasonable adjustments to the Downtown Commercial District Services Rate as set forth in Section 21.1 below.

20.8 Commercial Services Rates

The Contractor shall provide collection service to all Commercial Customers within the City at the rates adopted by the City Council (see attached **Exhibit “1” “Contracted Rates for Commercial Customers”**). The rates set forth in **Exhibit “1”** are monthly, unless otherwise specified, and are subject to change, but only by contract terms and conditions and approval of the City Council as set forth in Section 21. After September 30, 2023, the Contractor may petition for reasonable adjustments to the Commercial Services Rate as set forth in Section 21.2 below.

SECTION 21: ADJUSTMENT OF THE SERVICES RATES

21.1 Residential Services and Downtown Commercial District Services Rate Adjustments

Contractor may petition the City for reasonable adjustments to the Residential Services Rate and the Downtown Commercial District Services Rate based on increases in the Fuel Component, the Disposal Cost Component, and/or the Operations, Overhead and Profit Component caused by increases in inflation as demonstrated by the CPI-U (Consumer Price Index Rate for all Urban Customers, Garbage and Trash Collection) (“CPI-U”) and/or also by other factors other than the three listed components such as increases in cost caused by revised laws, ordinances, regulations, and for other similar reasons. The CPI-U as published by the U.S. Bureau of Labor Statistics for July 2021 shall be the base CPI-U utilized for the purposes of calculating a proposed rate adjustment. The Contractor’s petition shall specifically identify the reasons for the requested adjustment, and its impact upon the Contractor’s cost of operations, in unit terms, with an explanation of the methodology used to calculate such impact. The City may request additional information it considers necessary to evaluate the requested adjustment. The City shall not unreasonably refuse to grant Contractor’s petition for reasonable adjustments to the Residential Services Rate and the Downtown Commercial District Services Rate.

21.2 Commercial Services Rate Adjustments

Contractor may petition the City for reasonable adjustments to the Commercial Services Rate based on inflation as demonstrated by the CPI-U. The Contractor’s petition shall specifically identify the reasons for the requested CPI-U adjustment with an explanation of the calculation used to justify the requested increase. The CPI-U as published by the U.S. Bureau of Labor Statistics

for September 2022 shall be the base CPI-U utilized for the purposes of calculating a proposed rate adjustment. The City may request additional information it considers necessary to evaluate the requested adjustment. The City shall not unreasonably refuse to grant Contractor's petition for reasonable CPI-U adjustments to the Commercial Services Rate. The Contractor shall not request a Commercial Services rate adjustment more than once within a twelve (12) month period. The parties agree that, as to this Section, time is of the essence.

SECTION 32: DEFAULT

32.1 Events of Default

The occurrence of any of the following shall constitute an "Event of Default" by Contractor hereunder:

- (b) The breach by Contractor of any other covenant, condition, or agreement required to be performed or observed hereunder, if such breach has not been cured within thirty (30) days of delivery of notice of such breach to Contractor by City, unless such breach, by its nature, cannot be cured within such thirty (30) day period, in which case so long as Contractor is diligently proceeding to cure such breach and is making reasonable progress in effectuating a cure, it shall not be deemed to be an Event of Default.
- (c) The occurrence of an Act of Bankruptcy, provided that with respect to the filing of an involuntary petition in bankruptcy or other commencement of a bankruptcy or similar proceeding against Contractor, such petition or proceeding shall remain undismissed for ninety (90) days.

SECTION 33: DISPUTE RESOLUTION

33.1 Agreement Regarding Remedies

The failure by either party to perform its obligations under this Contract would be difficult, if not impossible, of being appropriately remedied by award of damages because of the nature of the obligations to each other hereunder. Therefore, the parties agree that in addition to any other remedy that they have in law or equity that they shall be entitled to the remedies of specific performance, mandamus, and injunction in the event of any breach of any obligation by any party under this Contract. The parties hereby waive any requirement that they be required to provide any bond or other surety in order to obtain any of the agreed upon remedies.

33.2 Agreement to Negotiate First to Resolve Issues

The parties agree to attempt first to resolve disputes concerning this Contract amicably by promptly entering into negotiations in good faith. The parties shall endeavor to secure such appointment from the Center for Public Policy Dispute Resolution within ten (10) business days after the request for same is made. At least two (2) business days prior to the mediation, the other party shall submit its written response to the claimant's statement and provide a summary of its arguments in response.
- (e) If the parties agree that independent expert or technical advice would be helpful in facilitating a negotiated resolution of the dispute, the mediator may make arrangements to obtain such advice, and may, with the agreement of the parties, make arrangements for an independent expert to render a non-binding advisory opinion with respect to any technical matters in dispute after hearing the contentions of the parties with respect thereto. The expenses of obtaining such independent advice or advisory opinion shall be borne equally by the parties.
- (f) No party shall engage in any private interview, discussion or argument with the mediator concerning the subject matter of the mediation.
- (g) The fees of the mediator and any other costs of administering the mediation shall be borne equally by the parties unless otherwise agreed among them in writing.

Re: Notification of Termination of Existing Franchise Agreement and
Proposed Franchise Agreement for Temporary Services

Dear Jay:

On November 4, 2021, the City of Round Rock ("City") approved a Refuse Collection Contract with Central Texas Refuse authorizing Central Texas Refuse to be the single provider of commercial garbage and recycling services in the City as of May 1, 2022.

This correspondence shall serve as written notice of the City's intent to terminate the "*Franchise Agreement for Non-Residential Refuse Collection Between the City of Round Rock, Texas and Texas Disposal Systems, Inc.*" on April 30, 2022, at 11:59 p.m.

Texas Disposal Systems, Inc. has the opportunity to enter into a new franchise agreement with the City granting Texas Disposal Systems, Inc. a non-exclusive franchise to engage in the collection of temporary solid waste collection and disposal services ("Temporary Services") within the City.

"*Temporary Services*" are defined as temporary solid waste collection and disposal services from a construction site, a remodeling or repair project, or to facilitate removal or junk, surplus goods and equipment, or debris through a roll-off container or other commercial container used to transport such solid waste to a facility for disposal or recycling for temporary or single occurrence projects

Temporary Services do not include services that are required as part of normal business operations of commercial and industrial businesses, institutional and governmental entities, and multi-unit residential complexes. Temporary Services also do not include solid waste and refuse collection and disposal services for which a franchise is granted under the Refuse Collection Contract with Central Texas Refuse approved on November 4, 2021.

Enclosed is a copy of the new Franchise Agreement for Temporary Services for your review and execution. Please return two (2) executed copies of the Franchise Agreement no later than March 31, 2022, to:

Attn: Michael Thane
City of Round Rock
Utilities and Environmental Services
3400 Sunrise Road
Round Rock, Texas 78665

The City intends on taking action on this matter at the April 28, 2022 City Council Meeting. If approved by the City Council, the new Franchise Agreement will become effective on May 1, 2022 at 12:01 a.m.

Should you have any questions or feel the need to discuss this matter further, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael Thane", written in a cursive style.
